

# Childhood Cancer Readathon

Read 2,000 pages during March while raising funds to fight childhood cancer!

## How does the readathon work?

### Set up your fundraising page

Personalize your page so people know why you're participating. Share photos of books, photos of your favorite reading places, and/or inspiration. Find the link to create yours in the challenge group.

### Share your page now

People can't say 'yes' to donate if you don't ask them! An easy way to ask is by sharing your page - just click the 'share' button or 'invite friends' on your fundraising page.

### Donate to your own page

Donating even a small amount to your own page shows people that you really care about what you're doing and will encourage others to do the same! Remember, \$20 in donations = a FREE book bag!

### Know where to post updates

You can post in the group if you would like support, inspiration, or ideas on fundraising and completing the activity.

### Thank your supporters

Don't forget to thank your friends, family, and everyone who has donated to you. You will get a notification on your fundraising page when someone has donated so be sure to comment and say thanks!
